The Newton Chamber of Commerce

JAMES P. GALLAGHER
President

RUPERT C. THOMPSON
Secretary

Newton is a city of beautiful homes, high civic standards, steadily increasing in size and importance and because of its proximity to Boston, has unusual advantages as a place of residence.

The Newton Chamber of Commerce is an organized, cooperative agency to advance the civic, industrial, mercantile, and development interests of all the Newtons.

There are three types of Membership—Civic—Business—Sustaining.

This organization is only made possible through the wholehearted co-operation and support of the people of all the Newtons. Every Citizen should be a member.
Join Your Chamber of Commerce.

It renders constant, practical and effective service and welcomes inquiries at its offices conveniently located at

277 Washington St., Newton, Mass.

Telephone NEWton North 4077

The Newton Directory

MASSACHUSETTS

1936

Containing

Alphabetical Section (Page 145) Gives names, occupations and addresses of men and women, eighteen years old or over, and all business houses. The names of partners in firms are also given in this department. Wives' names are listed immediately after those of the husbands', enclosed in parentheses. Dates of deaths during the previous year are given, and, where possible, the addresses of people who have moved to other cities. Much other information is given that cannot be found elsewhere.

Business Directory (Page 805) All business houses, individuals in business for themselves, and professional men are listed without charge under the heading that best describes them. The more progressive houses, realizing that it pays to be easily found, pay a nominal charge for special listings in heavy type, under every heading where a buyer might look for them, cross-indexed to a descriptive space in the "reference section."

Street, House and Home Owners Directory (Pink Section) (Page 601) A Complete list of Streets, showing location of intersecting streets, and enabling one to tell at once between what streets a given number lies, and the quickest way to get there. All Residents and Places of Business are arranged in numerical order upon their respective Streets.

With this edition we return to the unified arrangement of this section preferred by a majority of users, instead of the sectional form used in the last issue.

A Valuable Feature:

Homes Owned by Occupants Indicated by Symbol ©

(Note: this information is as given to our canvassers, and is not guaranteed by us. It should be of value as an indication, but not taken as legal proof of title.)

Advertising Department (Page 49) Where more information than is possible to give under the headings is placed on file for buyer's and seller's reference. It is an index to the leading business interests of the city, and a logical place to look for specific information.

Maps Sectional Maps covering the different parts of the City, preceded by a Key Map, will be found inside the Back Cover. A large Map covering the whole City on one sheet is on sale at bookstores and stationers, or may be ordered from the Publishers for twenty-five cents. The convenient sectional form is used in the Directory because of the difficulty of handling and refolding a large sheet.

Miscellaneous Information (Page 12) Organization of City Departments, giving officers—Post Office branches—Parcel Post zones and rates—Courts—Population tables—Calendar etc.

(For detailed Index to Contents, see page 7)

UNITED STATES COPYRIGHT LAW

In Force On And After July 1, 1909

Section 28.—That any person who wilfully and for profit shall infringe any copyright secured by this Act, or who shall knowingly and wilfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment for not exceeding one year, or by a fine of not less than one hundred dollars nor more than one thousand dollars, or both, in the discretion of the court.

Suggested and Planned by American Community Advertising Association

Adopted by Association of North American Directory Publishers

NEWTON, MASSACHUSETTS

"The Garden City"

Form of Government: Mayor and Board of Aldermen; each of the seven wards represented by three members: one alderman elected annually by the ward, and two aldermen-at-large elected from the ward on a general ticket, one being chosen each year to serve two years.

Population: State Census 1935; 66,000

Area: 18 square miles.

Altitude: 15 to 320 feet.

Assessed Valuation: \$164,422,850 with 26.80 tax per thousand.

Colored Population: 630 estimated.

White Population of Age: Males 29,404 estimated. Females, 35,926 estimated.

Number of All Males: 29,648 estimated. **And of All Females:** 36,312 estimated.

Native Born Population: 76.9 per cent. of whole population

Predominating Nationalities in City: Native American; a few Canadians, Irish and Italians.

Parks: City, 379 acres; includes 91 acres playgrounds and 95 acres Water Works land; Metropolitan, 233 acres; includes 12 acres Quinobequin Road, from Washington Street, Lower Falls to Boylston Street, Upper Falls.

City's Bonded Debt: October 2, 1935, \$6,280,-110.91

Financial: One National bank, one trust company and three savings banks.

Church Buildings: Forty-four.

Building and Construction: Value of building permits in 1934, \$2,229,686 including 136 single dwellings at a cost of \$1,167,900

Dwellings: Total number, 13,676

Trade: Territory (Retail) serves 200,000 people within the trading area covering a radius of fifteen miles.

City Served by: Boston & Albany railroad.

Amusements: There is one theatre and one amusement park. Theatre seats 1,268 people.

Hospitals: One with 290 beds.

Education: Andover Newton Theological School, Boston College, Lasell Junior College, Mount Ida School for Girls. Number of schools, thirty-two, including five high schools, five parochial and diocesan schools. Number of pupils in public schools 12,472; in private schools 837 (estimated); in parochial schools 1,849. Total of all teachers in public schools is 473.

Libraries: There are 171,033 volumes in the libraries of the city.

City Statistics: Total street mileage 261; 188 miles of accepted streets, 73 miles private ways and 4.17 miles State Highway. Miles of sewers laid 189.22. Capacity of water works (state and municipal) 10,000,000 gallons, daily average pump of 4,654,262 gallons, with 214.97 miles of mains and value of plant estimated at \$4,000,000. Fire department employs one hundred and two men with following motor equipment: six autos, nine motor engines, four motor combination machines, two hook and ladder trucks, one lighting plant motor, two trucks, one aerial truck, in eleven station houses. Police department has 130 men with seventeen pieces of motor equipment.

NEWTON

Interesting Facts Regarding the City

It is interesting to note just what Newton stands for to residents in other parts of the country. With its beautiful long avenues, its long lanes leading into beautiful wide parks, its streams and hills, its lovely gardens and artistic residences, it stands for prosperity and success. It signifies elegance and beauty, rather than fashion and display.

Although the march of time has brought changes to Newton in every part, though much of its barren land has been transformed into house lots and streets, though many of its old farm houses have been turned into modern dwellings, still Newton maintains an abundance of its natural beauty which has given it the name of the Garden City—wide-spread recognition as a city of beauty—a city of homes.

The Charles River winds its course along the northern and western boundaries for more than sixteen miles, adding utilized water power at its upper and lower falls and much beauty to the scenery for miles around. Newton has that same New England atmosphere which characterizes so many other Massachusetts cities, with its stable type of people whose interests are centered in their homes and the finer things of life. Each and every part of Newton typifies the modern "home city," a source of admiration to all visitors and of pride to its citizens.

A Few Historical Facts

As early as 1631 Newton was settled and fortified, less than a year after the foundation of Boston. In those days, Newton consisted of a large tract of land with a dwelling here and there—a modest settlement, but the foundation, nevertheless, upon which rests the beautiful progressive city of today. King's hand-book of Newton states "the domain northward of the Charles was acquired from the Indian queen, the squaw-sachem, Nanepashemet's daughter, one of her perquisites being a new coat each winter as long as she lived."

Newton was incorporated a town in 1688, being called New Cambridge until 1692; and having outgrown town government by 1873, was chartered a city in that year.

During the war with the Indians the men of Newton left their homes and families and fought with the rest of the settlers. There is a stone in Nonantum, known as the Eliot memorial, which bears this inscription: "Here at Nonantum, October 28, 1646, in Waban's Wigwam near this spot, John Eliot began to preach the gospel to the Indians. Here he founded the first Christian community of Indians within the English colonies."

During the period of the Revolutionary War, the men of Newton rose with the other men of Massachusetts and shared the hardships that the crude army led by the great George Washington endured. And so, history repeats itself down through the ages. There are many beautiful monuments and ancient landmarks, silent tributes to the men who so nobly answered the call to arms, from the early days when the settlers fought with the Indians, to the World War.

Population

The best estimates of the present population of Newton indicates that it is over the sixty-five thousand mark today. This shows a tremendous increase within the past decade. The steady stream of people who come to Newton yearly to make their homes here are of the thrifty, desirable sort—good citizens who soon blend into the social and civic life and share the pride of their neighbors in their adopted city.

Administration

The administration of Newton's city government is in the hands of safe and conservative executives, honest public-spirited citizens who have the best interests of the people at heart and in their minds. This is manifested by the high standards of administration which this city has always experienced.

Newton has a police force of 130 men, giving it protection at all hours of the day and night. Within recent years, all new modern fire apparatus has been installed. The fire

department with 102 permanent men is always ready at hand to meet every emergency.

Educational Opportunities

One factor which has always given Newton a high standing in the estimation of those looking for a good "home city" is its superb system of schools. Since the early days of 1699, when the first little schoolhouse was built and John Staples became teacher, holding his scholastic sessions four days in each week for a stipend of two shillings a day, the school system of Newton has grown nobly.

Since those early days, Newton has developed tremendously along educational lines. Now there are high grade modern buildings—schools of the highest type for this purpose, with proper exits and due caution against fires and other emergencies. There are also new modern high schools, and the number of pupils that enter the high schools has increased appreciably within the last decade. There also are several very fine private schools. The Lasell Junior College, with its beautiful spacious grounds, established 1851, has long been famous. This young ladies' academy has admitted young women from all parts of the United States.

Among other well-known private schools within the city are Mt. Ida School, Allen, Fessenden, and Country Day Schools. The higher institutions of learning are represented by Boston College, in the Chestnut Hill section of the city, and the Andover Newton Theological School (1825) at Newton Centre.

Newton also has a splendid playground system which has developed tremendously within the last decade. There are now many beautiful spots which have been turned into playgrounds for the young. These playgrounds are in charge of very efficient young men and women and the children are taught all sorts of healthful games, while other educational opportunities and interests are encouraged and promoted.

The Public Library

Another important factor which cannot be disassociated from the school room is the Newton Free Library. This was organized in September, 1869, and received the property of its sponsors, the Newton Library Association. In 1875 the stockholders of the association transferred the entire estate to the City of Newton. The location of the building is on Centre street, the ancient main thoroughfare of the town. The Newton Library contains 171,033 volumes and is continually adding to the collection. There are valuable reference books of all periods, as well as works of old and new fiction. There are also many beautiful and rare prints. There are now branch libraries in nine sections of the Newtons, the most recent one being that established in Waban.

Church and Social Activities

Church influence is strong in Newton, many social and welfare activities also centering in the church organizations, of which there are forty-four in the city. The first church was organized in 1633.

There are over one hundred forty clubs and fraternal organizations in the city, a federation of Women's Clubs, Kiwanis and Rotary, and the Newton Chamber of Commerce.

Growth

History shows that the different parts of Newton have made rapid strides in development. In 1860 Nonantum Hill had only the Ricker family on its massive western shoulder. The greater part of it consisted of scrub oak, a lonely and desolate tract of land. Early in 1800 Newton Lower Falls was a tranquil little village with but ten resident families. In 1872 the village had risen to 940. A little later the village of Newton Highlands was not much more than a crossroads settlement in a region of farms. Nearby were shops of the blacksmith and wheelwright. But today Newton is a great modern city teeming with activities, ever growing, ever expanding. Beautiful modern structures are constantly being erected. Among the later ones the Angier Memorial School at Waban and the West Newton Memorial Library add much to the appearance of these sections. There are also the Christian Science Church and the Junior High School in Newtonville and Boston College in the Chestnut Hill section.

Business Activities and Opportunities

Although Newton is widely known as a residential city, the waterpower privileges at Upper and Lower Falls have attracted to it various industries. At Lower Falls is located one of the first paper mills established in the country. In Newton there are also machine shops, and factories engaged in the manufacture of fire alarm supplies, silk, worsted, rubber, paper boxes, curtains, railway signals, cordage, &c.

There are numerous retail stores and specialty shops, pharmacies, modern sanitary markets and food shops, and up-to-date clothing stores well managed and well stocked, a complete range of merchandise at prices as low as any in the large centers.

Information regarding manufacturing opportunities, business facilities and residential advantages will be supplied on request by the Newton Chamber of Commerce, 277 Washington street.

POPULATION OF NEWTON

There are two kinds of Advertising

That which the Buyer seeks, and that which is thrust upon him.

Both are good

Display advertising *suggests* wants and *creates* desire. Of its tremendous power many present day successes bear witness.

Reference Advertising steps in when the desire has been created. It shows where the goods can be purchased and gives information that the buyer wants *when he wants to buy*.

A Connecting Link

The weakness of display advertising is that often a need is not realized until the ad that suggested it is misplaced or thrown away.

A shrewd buyer usually looks the field over before buying and where is so logical a place to look as *in this book*.

A Help to You

In your buying, use the lists in this book. If you see a name in *heavy type* it is because that concern thought enough of your possible business to make it easy for you to find them. If it says "See page — —", you will find there information that will really help you.

Are You Covered?

Have you made it easy for buyers to find you, by putting a bold type listing under every heading where they might look for you or a competitor? Have you put information in the "Selling Section" that will really help a buyer, and point to *you* as the one who can serve him best?

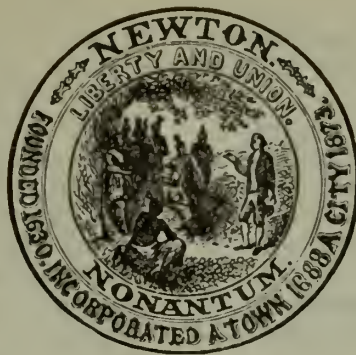

If not, make a note to do it in the next edition, and let us tell you *now* how little it costs to be *protected*.

SAMPSON & MURDOCK CO.

179 LINCOLN STREET

BOSTON, MASS.

CITY
ELECTION
ON THE
SECOND
TUESDAY
IN
DECEMBER

CITY
GOVERNMENT
ORGANIZED
ON THE
FIRST SECULAR
DAY
IN JANUARY

MEETINGS OF THE BOARD OF ALDERMEN ON THE FIRST AND THIRD MONDAYS OF EACH
MONTH AT 7.45 P.M., EXCEPT IN JULY AND AUGUST

CITY GOVERNMENT FOR 1936

City Hall, 1000 Commonwealth Av Newton Centre

LIBRARY DEPARTMENT**Newton Free Library**

414 Centre, Newton

Org 1869. Inc 1871. Transferred to City of Newton 1876. Pres Mrs Virginia M Hutchinson. Treas Thos Weston. Sec Julius Lucht. Trustees, Thos Weston, Jas P Gallagher, Virginia M Hutchinson, Vincent P Roberts, Guy M Winslow. Appointed by Mayor and confirmed by Board of Aldermen.

Committee on Books, The President, ex-officio, Thos Weston, Jas P Gallagher. Committee on Buildings, The President ex-officio, Vincent P Roberts, Guy M Winslow Librarian, Julius Lucht, Assts, Dorothy Allen, Alice Dickinson, Helen L Follett, Mildred N Frost, Cora C Holt, Margt G Hooper, Marion H Lane, Helen P Lane, Philip J McNiff, Ruth R Perlmutter, Ruby Tillinghast, Sarah S Wood, Marguerita A Woods. Boys' and Girls' Library; Florence B Sloan in charge. Virginia R Owen, Miriam Putnam

The Library was incorporated in 1871, and was built, furnished and maintained for five years through the liberal contributions of citizens, a fund of over \$65,000, of which the late J Wiley Edmands contributed \$17,000, being formed for the purpose. In March 1876, the entire property of the Library was given to the City of Newton on condition of its maintenance forever as a Free Library. During the year 1912 a large stack room was added by the City, and soon after the various Library departments were re-arranged in the older part of the building. In 1928 an additional floor of stacks was added, and additional office space was arranged for

In 1926 the citizens of West Newton presented to the City a new branch library building and grounds, valued at over \$62,000, and in January 1928 the citizens of Newton Centre and Auburndale gave new buildings and land, valued at about \$63,000 and \$52,000 respectively. In 1930, the citizens of Waban presented to the City a new branch building valued with grounds at \$75,000. Two branches are housed in public school buildings, two in rented stores, and one in a remodelled engine house. In 1934, the residence of the late John

C Chaffin, 124 Vernon st, acquired by the city in 1930, was remodelled for "The Boys' and Girls' Library." The former quarters of that department in the main building now house the Art Department.

On January 1, 1935 the Library contained 171,033 volumes, to which additions are constantly made. The Circulation for 1934 was 833,425.

For 1935 the annual appropriation by the City was \$82,610.50 for the library with its nine branches. In addition, there is the income from ten funds, as follows: \$1,000 given by Alden Speare, the annual proceeds of which are about 60, and are to be used in the purchase of works illustrating the manufacturing and mechanical trades; \$10,000 a bequest from David B Jewett, to form an art fund the income from which now realizes somewhat over \$500 a year; a bequest of the late Chas A Read, from which about \$550 yearly can be received; a bequest from John C Chaffin of \$5,000, the income to be used for books; \$5,000, given by John S Farlow, the annual income from which is to be used for the purchase of books for the Reference Department; \$5,000 a bequest from the late Miss Mary Shannon, \$500 from Frank H Howes for books, \$400 from Miss Sarah Lorane Graves, a former resident of Newton, now of New York City, to be known as the "Sarah Lorane Graves Fund" in memory of her sister Felicia Hemans Graves and her brother Dwight Webster Graves, the income to be devoted annually to the purchase of new books and periodicals; a bequest of \$1,000 for books, from the late Oliver Fisher; and a bequest of \$6,000 from Horace S Cousens for the purchase of books for the Newton Centre Branch Library. There are also two other funds which are accumulating.

In addition to books and periodicals there is in the Newton Free Library a large collection of mounted photographs of art and industrial pictures; also over six thousand stereopticon slides of geographical and industrial subjects, and many stereographs. These are loaned to all desiring to make use of the material.

The library has also a large duplicate collection, the volumes of which are loaned for two cents a day, which is operated under the Howes fund

Library opens from 8 am to 9 pm. Sundays 2.30 to 5.30 pm, from November 1 to March 31

Branch Libraries

NOTE 1.—On parcels collected on rural-delivery routes the postage will be 2 cents less than shown in the foregoing table when for delivery anywhere within the first three zones and 1 cent less when for delivery in any other zone, provided they are indorsed "Mailed on rural route."

NOTE 2.—The local rate applies to parcels mailed: (1) At any post office for local delivery at such office. (2) At any city letter-carrier office, for delivery by carriers from that office. (3) At any post office from which a rural route starts, for delivery on such route, or when mailed on a rural route for delivery at any other point thereon, or at the office from which the route starts, or for delivery on any other rural route starting from the same office.

NOTE 3.—Parcels weighing less than 10 pounds measuring over 84 inches but not more than 100 inches in length and girth combined are subject to a minimum charge equal to that for a 10-pound parcel for the zone to which addressed.

Weight limit, 70 pounds. Limit of size, 100 inches, length and girth combined.

WARD BOUNDARIES

Adopted by the Board of Aldermen, June 24, 1912

Ward One.—Bounded by a line beginning at a point in the boundary line between the city of Newton and the town of Watertown, at its intersection with the prolongation of the centre line of Emerson street; thence running southerly by said prolongation and by the centre of Emerson street to the centre of Pearl street; thence southeasterly by the centre of Pearl street to the centre of Channing street; thence southerly by the centre of Channing street to the centre of Washington street; thence easterly by the centre of Washington street to the centre of Centre street; thence southerly by the centre of Centre street to the centre of Mill street; thence westerly by the centre of Mill street to the centre of Blake street; thence northerly by the centre of Blake street to the centre of Cabot street; thence easterly by the centre of Cabot street about fifty feet to the prolongation of the westerly boundary line of Cabot park; thence northerly by said prolongation and by the westerly boundary line of Cabot park to the centre of Laundry brook at Newtonville avenue; thence northerly by the centre of Laundry brook to the centre of Washington street; thence easterly by the centre of Washington street to the centre of Adams street; thence northwesterly by the centre of Adams street to the centre of Middle street; thence northeasterly by the centre of Middle street to the centre of Chapel street; thence northwesterly by the centre of Chapel street to the centre of California street; thence westerly by the centre of California street to the centre of Bridge street; thence northerly by the centre of Bridge street to the boundary line between the city of Newton and the town of Watertown at Charles river; thence easterly, southwesterly and easterly by said boundary line to the point of beginning.

Ward Two.—Bounded by a line beginning at a point on the boundary line between the city of Newton and the town of Watertown at the centre of Bridge street; thence running southerly by the westerly boundary of ward one to the centre of Mill street; thence westerly by the centre of Mill street to the centre of Morton street; thence southerly by the centre of Morton street to the centre of Commonwealth avenue; thence westerly by the centre of Commonwealth avenue to the centre of Valentine street; thence northwesterly by the centre of Valentine street to the centre of Bigelow road; thence easterly and northerly by the centre of Bigelow road to its intersection with the prolongation of the centre line of Forest avenue; thence northerly by said prolongation and by the centre of Forest avenue to the centre of Mt. Vernon street; thence easterly by the centre of Mt. Vernon street about three hundred and ten feet to the prolongation of the westerly boundary line of land of the Newtonville New Church Society; thence northerly by said prolongation and by said boundary line and its prolongation northerly to the centre of Washington street; thence easterly by the centre of Washington street to the centre of Eddy street; thence northerly by the centre of Eddy street to the centre of Watertown street; thence easterly by the centre of Watertown street to the centre of Albemarle road; thence northerly by the centre of Albemarle road to the centre of North street; thence northwesterly and northerly by the centre of North street to the boundary line between the city of Newton and the city of Waltham; thence northeasterly by said boundary line to the boundary line between the city of Newton and the town of Watertown; thence easterly by said last named boundary line to the point of beginning.

Ward Three.—Bounded by a line beginning at a point on the boundary line between the city of Newton and the city of Waltham at the centre of North street; thence running southerly by the westerly boundary of ward two to the centre of Commonwealth avenue at Valentine street; thence westerly by the centre of Commonwealth avenue to the centre of Fuller street; thence westerly by the centre of Fuller street to the centre of Commonwealth avenue; thence westerly by the centre of Commonwealth avenue to the centre of Washington street; thence northeasterly by the centre of Washington street to the centre of Greenough street; thence westerly by the centre of Greenough street to the centre of Auburn street; thence easterly by the centre of Auburn street to the centre of Crescent street; thence northerly by the centre of Crescent

street, crossing the Boston and Albany railroad, to the centre of Webster street; thence westerly by the centre of Webster street to the centre of Murray road; thence northerly by the centre of Murray road to the centre of Auburndale avenue; thence easterly by the centre of Auburndale avenue to the centre of River street; thence northwesterly by the centre of River street to the centre of Lexington street at Rumford avenue; thence northwesterly by the centre of Rumford avenue to the boundary line between the city of Newton and the city of Waltham; thence northeasterly by said boundary line to the point of beginning.

Ward Four.—Bounded by a line beginning at a point on the boundary line between the city of Newton and the city of Waltham at the centre of Rumford avenue; thence running southerly by the westerly boundary of ward three to the centre of Commonwealth avenue at Washington street; thence southwesterly by the centre of Washington street to the centre of Beacon street; thence easterly by the centre of Beacon street to the centre of Varick road; thence southerly by the centre of Varick road to the centre line of the Cochituate aqueduct of the Metropolitan Water Works; thence southwesterly by the centre line of said aqueduct to the boundary line between the city of Newton and the town of Wellesley at Charles river; thence westerly by said boundary line to the boundary line between the city of Newton and the town of Weston; thence northerly by said last named boundary line to the boundary line between the city of Newton and the city of Waltham; thence northeasterly by said last named boundary line to the point of beginning.

Ward Five.—Bounded by a line beginning at a point in the boundary line between the city of Newton and the town of Wellesley at the centre line of the Cochituate aqueduct of the Metropolitan Water Works; thence running northeasterly, westerly and northeasterly by the easterly boundary of ward four to the centre of Commonwealth avenue; thence easterly by the southerly boundary of ward three to the prolongation of the westerly boundary line of the land of the Newton Cemetery Corporation; thence southerly by said prolongation and by the westerly boundary line of the land of the Newton Cemetery Corporation to the division line between lands of Elizabeth A. Reeves and Hannah E. King; thence southerly by said division line and its prolongation to the center of Beacon street at a point about opposite the easterly line of Winslow road; thence easterly by the center of Beacon street to the center of Walnut street; thence southerly by the center of Walnut street to the center of Berwick road; thence easterly by the center of Berwick road to the center of Lake avenue; thence southerly by the center of Lake avenue to the center of the old location of Rogers street; thence easterly by the center of the old location of Rogers street to the center of Centre street; thence southerly by the center of Centre street to the center of Clark street south of the common; thence southeasterly by the center of Clark street to the center of Boylston street; thence easterly by the center of Boylston street to the center of Florence street; thence southeasterly by the center of Florence street to the boundary line between the city of Newton and the town of Brookline; thence southwesterly and southeasterly by said boundary line to the boundary line between the city of Newton and the city of Boston; thence southwesterly by said last named boundary line to the boundary line between the city of Newton and the town of Needham; thence northwesterly by said last named boundary line to the boundary line between the city of Newton and the town of Wellesley; thence northwesterly by said last named boundary line to the point of beginning.

Ward Six.—Bounded by a line beginning at the boundary line between the city of Newton and the town of Brookline, at the center of Florence street; thence running northwesterly by the northeasterly boundary of ward five to the southerly boundary of ward three at Commonwealth avenue; thence easterly by the southerly boundary of ward three to the southerly boundary of ward two; thence by the southerly boundary of ward two to the southerly boundary of ward one; thence by the southerly boundary of ward one to the center of Cotton street; thence easterly by

the center of Cotton street to the centre of Waverley avenue; thence northerly by the center of Waverley avenue to the center line of Montrose street; thence easterly by the center line of Montrose street and its prolongation to the center line of the Cochituate aqueduct of the Metropolitan Water Works; thence easterly by the center line of said aqueduct about two thousand six hundred and sixty-five feet to the southeasterly boundary line of the land of the Devises of Dana Estes; thence northeasterly by said boundary line to the boundary line between the city of Newton and the city of Boston; thence southerly, easterly and southeasterly by said last-named boundary line to the boundary line between the city of Newton and the town of Brookline; thence southwesterly by

said last-named boundary line to the point of beginning.

Ward Seven.—Bounded by a line beginning at a point on the boundary line between the city of Newton and the city of Boston, at the northerly boundary of ward six; thence running westerly by the northerly boundary of ward six to the easterly boundary of ward one at Center street; thence northerly by the easterly boundary of ward one to a point in the boundary line between the city of Newton and the town of Watertown; thence easterly, northeasterly and easterly by said boundary line to the boundary line between the city of Newton and the city of Boston; thence southerly by said last-named boundary line to the point of beginning.

VOTING PRECINCTS

WARD ONE

Precinct 1—That portion of the ward northwest of Jackson road

Precinct 2—That portion of the ward southeast of Jackson road

Total—1934, 33,002; 1935, 33,445

Trust Funds, January 1, 1935

Kenrick Fund, \$4,000 income for needy and worthy poor of Newton

Read Fund, \$40,000, income to be expended as follows:

Annual picnic or sleigh ride for children of the village of Newton Corner not to exceed \$400; for free lectures on scientific subjects for the village of Newton Corner not to exceed \$800; for books for Newton Free Library at Newton Corner, not to exceed \$600; balance of income to poor widows in any part of Newton. For trustees of this fund see page 18.

Eliot Memorial Fund, \$326.87

Income to be used in whole or in part to stimulate in the pupils of the public schools of Newton the study of American history, especially the early history of Massachusetts and the beginning of New England, by the offer of a prize or prizes annually for essays written by the pupils of the public schools in Newton for the current year in which such prizes are offered, and upon such subjects as may be appointed. For trustees of this fund see page 18.

John C. Chaffin Educational Fund

The income of said fund shall be paid out by the City Treasurer as directed by said Trustees in expenditures for the benefit of graduates of the Newton High School or of any school of a similar standard that may be established in said Newton, who have a thirst for knowledge and are anxious to obtain the benefits of an education at a college or the Massachusetts Institute of Technology, but are financially unable to do so.

The Horace Cousens Industrial Fund, \$628,525.59

The income of said fund shall be loaned out by the City Treasurer by application approved by the board of Aldermen to residents of Newton enabling them to own their own homes at a rate of interest slightly less than the average bank charges.

Your City Directory

Is Something More than—

A Book of Names and Addresses

A Catalogue of Trades and Professions

A Street Guide

It is A Service that brings you daily
in closer touch with your customers
and friends

It Enables You to address them each
and every one

To avoid the offense of incorrect spell-
ing and addressing

To find new customers

To tell who lives in any house in the
city

To find local sources of Supply for
hundreds of articles

It Will Save You time and money
both in buying and selling. It will
make you more efficient and protect
your standing as an accurate and
progressive business man

Your directory gives you an accurate
bird's-eye view of your city, its
institutions, inhabitants, government
and buildings

Always Use the Latest Edition

NEWTON DIRECTORY

REFERENCE DEPARTMENT

Where more information than is possible to give under the classified listings is placed on file for buyers reference. The value of this department is inestimable. It is an index of the best business interests of the city, and stands for them and the city in reference libraries all over the country, as well as on the desks of progressive business men. It is accessible to everybody, and the logical place to look for specific information.

YOUR CITY DIRECTORY

Is Something More than—

A Book of Names and Addresses

A Catalogue of Trades and Professions

A Street Guide

It is A Service that brings you daily in closer touch
with your customers and friends

It Enables You to address them each and every one

To avoid the offense of incorrect spelling and address-
ing

To find new customers

To tell who lives in any house in the city

To find local sources of supply for hundreds of articles

It Will Save You time and money both in buying and
selling. It will make you more efficient and pro-
tect your standing as an accurate and progressive
business man

Your directory gives you an accurate bird's-eye view
of your city, its institutions, inhabitants, govern-
ment and buildings

The A-B-C of Insurance

Against Business Loss Means That You Must be listed In
The Great and Only Real Buyers Guide—The City Directory—The
Publication That Lists Them All.

If you are not Properly listed you are missing the opportunity that is presented to every business concern to become a stockholder in this great enterprise on a co-operative basis. The dividends are the service and low prices. It is the greatest illustration of the socialistic principle of doing business that there is in our modern society. The City Directory is the book of the people and places every individual in the city on the same basis. This gives the small business the same opportunity as the large business—a truly democratic principle and a rare one today.

Give this matter your careful attention and be listed in the Great Information Bureau of the City where it can be instantly located. It is a card index system of the city with four different ways of indexing and nothing with a name and address exists that cannot be readily found by any person who knows their A-B-C's.

POWER OF ADVERTISING

The **City Directory** is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you.

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

The City Directory may be used to great advantage in supplementing and rounding out your newspaper publicity. Put—"We are listed in the directory" in your copy. Tie up all your advertising to the directory with the above phrase. Then see to it that you are properly represented under all the business listings applicable to your business. The phrase will stick long after the newspaper has been mislaid and people will get in the habit of looking for your name when ready to purchase goods which you carry. Thus will the interest aroused by your newspaper display be extended and preserved for your future benefit.

"The Good News of the Times In All the Newtons"

Information

in the mass seems like a dull proposition, but when we have a need of some person or thing nothing interests us more than getting information about that person or thing.

This directory looks like a big book to be walked around or fallen over or put out of the way, until you need some information that it contains—then it becomes the handiest thing around the place.

Has it ever occurred to you how much information you could get from this book, if you really knew how to use it?

There is a great mass of information here, arranged in a logical way that experience has shown most easily referred to. It does take a little study to know how to make full use, however, like anything else worth while.

A little study that opens up a new way to save time or increase accuracy is an asset to anyone. It may be you will find a lot of information you did not know was here before, that you would have spent a lot of time and trouble to find in other ways, and you will have increased your efficiency just that much. In buying, in selling, in shipping, correspondence, granting credit, sending bills, collecting money—

Consult Your Directory

Accurate Information is worth all it costs.

The Directory

SAMPSON & MURDOCK CO.

179 LINCOLN STREET

BOSTON, MASS.

YOU LIKE to Patronize those
Concerns Who are in Business
to Stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quick and other schemers have little use for directory advertising. It lives too long.

The modern city directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

**IF YOU ARE NOT ADVERTISING YOUR
BUSINESS IN THE DIRECTORY, MAY WE
EXPLAIN HOW AND WHY IT WILL PAY
YOU.**

SAMPSON & MURDOCK CO.

Directory Publishers for over 85 years

Locating Missing Heirs Finding Lost Persons

This is only one of the many offices that a modern directory successfully fills

The Directories of the United States form a perpetual inventory of the human element of the nation as well as the business activities.

Police Departments, the country over, rely upon directory information for the location of lost persons. Lawyers and executors of estates are likewise dependent on the information that these "city catalogs" contain.

Real Estate buyers and agents have multitude occasions to refer to the pages of directories of other cities in order that they may have detailed and authentic information on parcels of land and subdivisions in which they have a personal or business interest.

Credit managers have unlimited use for the pages of the modern directory, as have collection managers and agencies.

The uses of the City Directory are legion; the information is authentic and the manufacturers and companies that are represented therein are reputable and dependable.

Make more use of Your City Directory !!

SAMPSON & MURDOCK CO.

Boston, Mass.

LIST OF STREETS BY POSTAL DISTRICTS

The object of this list is to present all streets in each Postal District, to aid those having special use for information by localities.

Complete descriptions of each Street, where it runs, Wards, intersecting streets, Map coordinates, etc., will be found in the House Directory Section.

A Public Service Publication

Few lines of Business have such a varied clientele as has the City Directory. It serves high and low, rich and poor, with impartiality and with profit to all.

It answers the questions What? and Who? which arise in daily business life and fills a position occupied by no other publication under the sun. It is often used from its issue until it falls to pieces and seldom will you find one entirely discarded while its leaves cling together. A publication which is used so universally and whose life is so long, must appeal to every shrewd business man as a most desirable advertising medium.

WHAT OUR DIRECTORIES CONTAIN

A Map of the City	Societies and Institutions
A Street Directory	Hotels
Halls, Blocks and Buildings	Courts, Officers, etc.
Public Parks and Squares	Alphabetical List of Names
Railroads	Business Directory
City, County and State Dept.	Publicity or Advertising
United States Dept.	Section
Churches and Ministers	Etc., Etc.

WE PUBLISH REFERENCE BOOKS
OF THE FOLLOWING CITIES AND TOWNS

NEWTON HOUSE DIRECTORY

DIRECTORY OF STREETS

and

List of Resident Property Owners

Note: For Lists of Streets by Postal Districts, see page 595

For Key Map of whole City, and Sectional Maps, see back of book.

With this edition we return to a complete House Directory for the whole City, arranged alphabetically by Streets, instead of by localities, as this style is preferred by a majority of users.

At the beginning of each Street is given a description of that Street, where it begins and ends, what Ward and Postal District it lies in, and its coordinates on the Map.

Where a Street runs from one Ward or Postal District into another, a note is inserted thus: "From here, Waban".

Intersecting Streets show whether they lead from the right or left, and whether they begin, end or cross, thus: "Norman Rd begins (left)".

Where departures from the rule of "Odd Numbers on the Right" occur, they are indicated in the description of the Street.

Residents and Places of Business are listed by their numerical location on each Street. The Householder is listed first, then other Adult Residents. The letter "r" indicates residents who are not head of a household. **Resident Owners** are indicated by the symbol ©.

Direction of Street Numbers: The Newton system is to begin numbering at the north or east end of each street, so numbers generally run toward the South or West. As odd numbers are usually on the right hand side, they will be found on the north or west side of streets, and the even numbers on the south or east side.

Estimating Distances: Except on a few business streets, 25 feet is allowed for each Street Number. Thus, No. 105 would be a quarter mile from the beginning of the street; No. 210, a half-mile; No 420, a mile, etc.

Public Streets which have not been accepted by the City are indicated by an asterisk: If accepted in part only, by a double asterisk.

Map: Location of each street on the Map is indicated by letter and figure following street description.

Ward Lines: The Ward in which a street is located is shown in the description of the street. If part in one Ward and part in another, the numbers falling in each are indicated.

Abbreviations: Al, alley; av, avenue; ct, court; e, east; fr, from; h, house; n, north; nr, near; pl, place; r, residence; rd, road; s, south; sq, square; ter, terrace; w, west; wd, ward. For other abbreviations see Index to Contents.

You may be remembered
a hundred years from now

It seems a long time in this era of change but it is a fact that the influence of our forefathers is often carried on for generations.

Especially in business and financial affairs is the record of the past liable to be of vast importance to the present:

The silent testimony of old directories is often accepted by courts as valuable evidence and too much care cannot be taken by business men to insure that all such records are accurate and complete.

Unlike most other mediums for advertising, the Directory is kept on file in many law and public libraries for years after its immediate usefulness as an address book has disappeared and it becomes a permanent record of the firms and individuals listed therein.

A very small sum insures adequate representation from year to year and such record may prove of great service at some future date.

For particulars consult

Sampson & Murdock Co.

179 LINCOLN STREET

BOSTON, MASS.

Sampson & Murdock Co.

179 LINCOLN STREET, BOSTON, MASS.

The Home of Good Directories

COMPILING DEPARTMENT

The City Directory has become a universal necessity in looking up new prospects, in purchasing supplies, and in marketing products. Our experience of over eighty-five years—our reputation for accuracy, our large force of experienced help and our complete equipment for the work, all guarantee the best in directory compilation.

ADVERTISING DEPARTMENT

Put—"We are listed in the Directory" in all your advertising copy. Addresses are often forgotten or mislaid, though the name is remembered. The firm that is properly registered in all branches of its industry is wise. Don't forget that directory advertising supplements and rounds out all your other advertising by giving the most explicit directions how to find you.

Ask Sampson & Murdock Company
about the City Directory, the book of many uses.

How the City Directory will help you

Some people regard the City Directory as merely a big book that cannot concern or be of any use to them, personally.

If they realized what it contains, and how it would answer many little questions that come up every day, they would use it in their personal as well as business affairs.

Well, now—doesn't it concern you? It has your name, business and address correctly listed, where your friends, looking for you, will find it.

It has this same information about your friends, and anyone else in the city you may be interested to look up.

It has complete information about the business houses of the city, telling who sells what, and where. It has detailed accounts of progressive houses, who realize they will logically be looked for in the "Selling Section."

It tells how all the streets run, giving numbers at corners; the clearest map of the City; Buildings, Government, Societies and a wealth of facts about the City that can only be appreciated by glancing at the Index.

You will be repaid for a little time spent in finding out how to use this book full of "Who and Where" information; repaid in convenience, in accuracy, and in time saved in your everyday affairs. **But be sure you use the latest, as an old edition will mislead you.**

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledge himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a

business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
